

## Home Learning **CHALLENGES** - Strike day 1.2.23

You are welcome to complete the following;

- MyMaths
- Spellings
- Read your school reading book
- The links below also offer fun, interactive ways to learn online including SATs sections for Year 6 pupils  
<https://www.bbc.co.uk/bitesize>  
<https://home.oxfordowl.co.uk/>

Area	Challenge
I enjoy Reading	Describe your conditions for the best reading experience. What is the most comfortable or unusual place you love to read your favourite book. Do you snuggle up with a blanket? Do you cosy up in a chair with a cup of hot chocolate? Do you lie on the floor on a cushion? Do you need complete silence or can there be a tv or music on in the background? OR choose one of your favourite books and write an alternative ending. Please include the title of the book and the author.
I enjoy Writing	What if Red Riding Hood was a horror story? How would Harry Potter sound if it was a poem? Can you take one of your favourite stories and write part of it in a different style? Think of writing it as a play, a news report or a diary or anything you like. Be imaginative!
I enjoy Maths	Have you ever drawn a picture using only quadrilaterals? A quadrilateral is a 2D shape with 4 sides and 4 angles. Have a go at using rectangles, squares, parallelograms, trapeziums, kites and rhombuses to draw a picture. You could draw a building, a robot, a landscape or anything else. Be creative!
I enjoy Designing/Art	Create a self-portrait in the style of your chosen artist.
I enjoy Science	The moon changes shape throughout the month. Try to take a photograph or draw the moon each or every other day for 28 days. Make a display about <u>how</u> the moon changes shape and find out <u>WHY</u> it changes shape.
I enjoy Geography	Find out about the seven continents and five oceans of the world. Present your findings however you would like (a map, booklet, poster).
I enjoy RE	Find out as much as you can about Spring Festivals and their importance to the people who celebrate them.
I enjoy Spanish	Find out some facts about a Spanish-speaking country of your choice, such as location, population, famous landmarks, typical food and drink. Perhaps you could include photos of the country and a map to show where it is.
I enjoy Computing	Create a PowerPoint presentation on something that interests you.
I enjoy PE	Have you ever used a compass? Could you go for a walk with your family? Use a compass to find out which direction you travelled. Remember the direction you walked and see if you can use your compass to get back. Why not take some pictures of your compass adventure! (You can easily download a compass app if you don't have one.)
I enjoy Music	Find out about musical instruments of the past: Year 3 - Egyptian instruments. Year 4 - Instruments which Invaders and Settlers brought to Britain. Year 5 - Viking instruments. Year 6 - Find out how orchestras developed, what sections there are to an orchestra today?
